11-2 attachments of separate witness interviews & reports marking on p. 2 clearly pertain to me

after 11-24 This stuff clearly pertains to me, but is marked the distortions on p 9 are apparent, as was Lesets, to age all the underlining seems hardly possible because I drove to work - i.e. bus. Did no business with Rift Stores pp 9-10 - in general neg my union membership p 10 even has he should present my own affidavit Mr agent himself is not often dable

11-2
A Denials of what pertains only to my rights under Pol. Act

all of 5 obliterated top + bottom of 6 cut off. Bottom of 7, most of top blacked out

13-4 Bottom 12 begins un-asp. non-review - Does not indicate the are employed by Jackson. They don't mean to be times out that I "never really got in touch with" him Has he promised them a government job? And $110. Then again a forger is the letter's "never really proven fraudulent"

p16 Clearly RCB, Bottom 16 Hecheed out but "N. B." is not-

p17 - Deserving not right wages is implicit in this one. Re up. Then is the "undesirable factors" in LHO I suppose this is the attitude Randall

13-3 It is impossible for me to know this person says he knew of" not recall the names of any persons with whom subject associated" or anyone who then knew me. By law it is known that the investigator is seeking out information

p12 This becomes clear in the representation of my Bell Sr. article at top of 12. On RHH "this also is a key three weeks" - two months of hard work. This + Somerby's Understanding of questions about did I really write? at top

33 cont although he admits that those "interviewed during the course of the investigation spoke favorably of the subject from a loyalty standpoint" & states "considerable information (very much) was developed which reflects unfavorably on his loyalty"

Most was blacked out. What does this boil down to? "Two informants interviewed... stated there was some question in their minds concerning Miss Wesley's loyalty, and that they had heard rumors "concerning his talk with Communism. But "they could furnish no details in this regard"

31 cont Dec 4 (yesterday?) FBI to DC (police?) Dixon says "See attached" not attached
